

Nannup Truffles Newsletter

February 2018

Dear Truffle Lovers!

We're into the swing of things in 2018! We hope you all had a great Christmas and New Year!

It's fair to say we've had a mixed bag of weather over the Christmas period and into the New Year - but our trees certainly aren't complaining! They sure have had a growth spurt and the rest of the farm is looking unseasonally green.

New product launched!

Our partner, Great Southern Truffles, have a new addition to their Truffle product range - the Black Winter Truffle Foie Gras!

Remember - all members are entitled to a 15% discount on products - you can order online at greatsoutherntruffles.com.au or call direct on (08) 6500 4200 mentioning that you are a member.

We are also undertaking routine reporting on our trees to ensure the correct levels of water, fertiliser and insecticides are present.
